**STATEMENT OF CRIMINAL HISTORY**

Certain programs offered at UQAT lead to the practice of professions regulated by a Professional Code. In such cases, the permit to practice these professions may be denied to individuals with a criminal history.

When applying for a practicum, remember that the people in charge of the organization or establishment concerned may check if you have a criminal history. If so, and depending on the nature of the offence, they may reject your application.

**More specifically, for educational sciences programs:**

The Department of Educational Sciences of UQAT informs all students that they must produce a statement of criminal history when applying for a teaching authorization in order to meet the legislative measures adopted by the MEES (Ministère de l'Éducation et de l'Enseignement supérieur).

**EXEMPTION FROM ADMISSION FEES**

- Applicants already registered to a first level program and applying to a graduate program offered by UQAT and applicants from another member institution of the Université du Québec network will be exempted from paying admission fees.
