

## Field assistants in Abitibi and Jamesie during summer 2019 – 4 posts

### Task description:

Under the supervision of professor Fenton and a master's or doctoral student, the main tasks of the field assistants will be to:

- Perform vegetation inventories
- Set up an experimental device
- Harvest bryological and soil samples
- Enter inventory data

These tasks will be carried out in the context of various research projects whose objectives are to assess impacts of mining environments on plant diversity, and to evaluate plant diversity at the landscape scale in various environments including wetlands.

### Qualities and skills sought:

- Knowledge of forest and wetland plants
- Attention to detail
- Ability to adapt to the constraints of working in the forest (weather conditions, black flies and mosquitoes ...)
- Willingness to learn and perseverance

**Start of internship:** May 6, 2019

**End of the internship:** August 23, 2019 (16 weeks, negotiable)

**Number of hours per week:** 35

**Salary:** According to the standards of UQAT

If you are interested, please send a cover letter, CV and transcript to Nicole Fenton ([nicole.fenton@uqat.ca](mailto:nicole.fenton@uqat.ca)) by March 1, 2019.

## UQAT: HIGHER LEARNING ON A HUMAN SCALE

### Study in the heart of Quebec's great outdoors

Set in a region where wilderness, lakes, and forest stimulate creativity and foster talent, UQAT is different by nature.

### Renowned professors with time for you

The professors at UQAT are recognized experts in their fields who epitomize quality teaching. And with a ratio of one professor or lecturer to every twelve students, UQAT offers a personalized educational environment where you will fit right in. Knowing you can always count on your professors to be available—now that's a real advantage.

### A world of high-calibre research

Research activities at UQAT are producing remarkable results in a range of scientific fields. According to the 2017 l'UQAT obtient la première place au Canada en matière

rankings by independent firm RESEARCH Infosource Inc., UQAT is first in Canada for per-faculty research intensity in the undergraduate category (full-service universities, excluding universities with medical schools).

With \$12 million in research per year and state-of-the-art laboratories, UQAT is an exceptional environment for graduate students. Many of our students have achieved excellence in their chosen fields and many of our professors have been recognized for the quality of their research and their innovative spirit. [Find out more](#)
